Message for CRRC

It is our great pleasure to take charge of organized session of International forum under cooperation of your China Rehabilitation Research Centre.

We started a researchers association as “An academic meeting for the 21st century” in 1993, and renewed in 2001 to “Biophilia Rehabilitation Academy”, with international section.

International section has been concerning following states and territory, US, Saipan, Philippine, Australia, Canada, Cuba and Poland.

We participated and could change a lot of information in every countries. We hope success the fifth Beijing International Rehabilitation Forum.
