

General meeting day 2010.10.30

1. Invited Presentation

Activity of Biophilia Rehabilitation Academy

Influence to CRN multi-occupational description inter-regional association

Tetsuhiko Kimura

Section meeting day/ Organized Session 2010.10.31

Greetings;

Chairman

Hao Dong

2. Opening / Greetings

8th International Biophilia Rehabilitation conference Organized Session for 5th Beijing International Forum on Rehabilitation

Chair

Tetsuhiko KIMURA, M.D. Ph. D.

Honorary President, Biophilia Rehabilitation Academy

Principal, Japan Rehabilitation Principal

3. Greetings

Li Jianjun, Msc. Med,

Chair

“Biophilia; Value Life” Organized Session for 5th Beijing International Forum on Rehabilitation

Director, CRRC;

4. Greetings

Taki Takizawa, Shigeo

Inventor and Founder,

President, International Biophilia Rehabilitation Academy

5. Greetings

Mieczyslaw Pokorski, M.D., Ph.D., D.Sci.

President, Polish Biophilia Rehabilitation Academy

Director, International Biophilia Rehabilitation Academy

6. Greetings (Not decided)

One page from Japanese Embassy in Peking

Please wait a few days

7. Keynote address for Organized Session/ 8th International Biophilia Rehabilitation Academy
Biophilia Rehabilitation for the Aged Society of China, Japan and All Other Developed Countries
Taki TAKIZAWA, Shigeo
Inventor and Founder, President of the International Biophilia Rehabilitation Academy

Lunch

General Presentation

Session 1;

Chairman

Li Jianjun

Hajime Tanaka

The application of PET in rehabilitation after brain injury.

Zhang Hao

Chief physician of neurorehabilitation department, Beijing Charity Hospital, China Rehabilitation Research Center

Associate Professor & Master Instructor of Capital Medical University

1. Brain Activity Measurement by fMRI and NIRS at the Rehabilitation Training
